Paderborn University Library - Your central information provider

The University Library provides services to support research, teaching and learning for all members of the University of Paderborn. It is the central provider of media and information services at the University of Paderborn.

Currently, the collection comprises more than 1.7 million items, a growing number of electronic resources such as e-journals and e-books among them.

Situated at the centre of the campus the University Library is also the primary learning area of the University. It offers printed and electronic media, a variety of different workspaces for individual and collaborative study, WiFi throughout the building and an infrastructure for photocopying, scanning and printing. The library staff will support research and learning by providing advice specifically for your information needs and offering general and specialised library and information literacy trainings. The library is open 107 hours a week and is used by an average of 4,000 patrons a day which sums up to over 1.3 million visits a year.

Thus, the university library is one of the most frequented places on the campus.

Who is allowed to use the library?
The University Library is an academic library that is open to the members of the university as well as to members of the public.

If you want to borrow books or other media, you will need a library card.

As a student of the University of Paderborn, the Student-ID-Card that you get from the Student Service Center is your library card. You just need to activate it at the registration desk in the library. Opening Hours of the registration are from 7.30 a.m. to 7 p.m. weekdays, 9 a.m. - 5 p.m. on Saturdays.

If you are not a student of the University of Paderborn, you will have to apply for a library card at the registration desk. You will need to fill out an application form which can be downloaded from our website or will be given to you at the registration desk. You will have to bring your ID-Card or your passport with certificate of registration ("Meldebefestigung"). If you are a student of any other university in Germany, you will also need to bring your Student-ID-Card.
